EXPERIENCE

AXA Partners Chicago, IL
Finance Intern Aug 2026 - Nov 26, 2026
- Prepared U.S. and Canada KPI reports from PeopleSoft data to track payment, invoicing and collection timelines.
- Built ATLAS, a JavaScript tool that imports Excel/CSV files and automates KPI calculations with supporting records for each result.
- Reconciled AR aging and remittances to explain balance differences and flag unmatched payments.
- Shared account-level findings with Finance and AR leaders and revised reporting tools based on their feedback.

Joe Holberg for Chicago - Mayoral Campaign Chicago, IL
Finance & Data Intern Jun 2026 - Jul 2026
- Organized campaign finance and voter datasets and prepared Power BI summaries for the team.
- Helped add AI features to the campaign website and supported routine data updates.

Amish Country Farms Chicago, IL
Financial Analyst Intern (Part-Time) Jan 2024 - Jun 2026
- Reviewed revenue and cost data for the SweetRise acquisition and shared findings with ownership.
- Built financial models to compare pricing and cost assumptions and assess their effect on revenue and margins.
- Researched market opportunities and pricing to support go-to-market planning.
- Built an internal tool to organize business data for financial models and recurring reports.

Ivy League Kids Chicago, IL
Data Analytics Intern Aug 2024 - Dec 2024
- Analyzed behavioral data for K-8 students with disabilities to track social and emotional development.
- Reviewed intervention outcomes and medication observations to identify changes in student behavior.

SELECTED PROJECTS

DataBearer
Founder & Developer Aug 2026 - Present
- Built a JavaScript app for valuing personal data and tracking permission to use it through a Consent Ledger.
- Added interactive analytics and data exports and developed the product's business model.

DealLens
M&A Modeling Tool Sep 2026 - Present
- Built an acquisition model for valuation and financing with EPS accretion/dilution and 25-case sensitivity analysis.
- Added synergy break-even analysis and downloadable deal memos. Verified the model with 13 automated checks.

AFTERLIGHT
Browser Puzzle Game Sep 2026
- Built a six-level JavaScript/Canvas puzzle game with touch controls and replay mechanics. Added 16 gameplay tests.
