EXPERIENCE

AXA Partners Chicago, IL
Finance Intern Aug 2026 - Nov 2026
- Produced U.S. and Canada KPI reporting for provider payments, client invoicing and collections using PeopleSoft data.
- Analyzed AR aging, remittances and payment fallout across 17,900+ monthly records to identify reconciliation issues.
- Built ATLAS, a JavaScript tool that automated KPI calculations and charts from Excel/CSV files with exportable supporting records.
- Presented account-level findings to Finance and AR leaders and incorporated their feedback into ATLAS reporting.

Joe Holberg for Chicago (Mayoral Campaign) Chicago, IL
Finance & Data Intern Jun 2026 - Jul 2026
- Organized campaign finance and voter datasets in Power BI to support reporting and voter outreach.
- Assisted with AI integration on the campaign website and maintained data updates for the team.

Amish Country Farms Chicago, IL
Finance & Technology Intern (Part-Time) Jan 2024 - Jun 2026
- Reviewed revenue and cost data for the SweetRise acquisition and shared findings with ownership.
- Built financial models to compare pricing and cost assumptions and assess their effect on revenue and margins.
- Researched market opportunities and pricing to support go-to-market planning.
- Built an internal tool to organize business data for financial models and recurring reports.

Ivy League Kids Chicago, IL
Healthcare Data Analytics & Research Intern Aug 2024 - Dec 2024
- Organized recurring behavioral and medication-observation datasets for K-8 students with disabilities.
- Analyzed patterns in social and emotional development to compare student progress over time.
- Summarized intervention outcomes and behavioral changes to support program research and planning.

SELECTED PROJECTS

DataBearer
Founder & Developer Aug 2026 - Present
- Developing a data privacy platform to help users request and manage copies of their personal data.
- Built valuation tools and a Consent Ledger to track permissions for the use of personal data.
- Designing a service for users to evaluate data-sharing offers or request deletion of their data.

DealLens
M&A Modeling Tool Sep 2026 - Present
- Built an acquisition model for valuation and financing with EPS accretion/dilution and 25-case sensitivity analysis.
- Added synergy break-even analysis and downloadable deal memos. Verified the model with 13 automated checks.

AFTERLIGHT
Browser Puzzle Game Sep 2026
- Built a six-level JavaScript/Canvas puzzle game with touch controls and replay mechanics. Added 16 gameplay tests.
