Education

DePaul University Chicago, IL
Bachelor of Arts in Philosophy; Minors in Finance & Data Analytics Expected May 2029
GPA: 3.96/4.00; Dean's List; Dean's Award for Scholastic Excellence
Activities: DePaul Consulting Group; Inclusion in Finance

Experience

AXA Partners Chicago, IL
Finance Intern Aug 2026 - Present

- Produce U.S. and Canada KPI reporting for provider payments, client invoicing, collections, and cash posting using PeopleSoft and operational data.
- Analyze AR aging, remittances, reconciliations, and payment fallout across 17,900+ monthly records; deliver account-level findings to Finance and AR leadership.
- Built ATLAS, a JavaScript workflow that imports CSV/XLSX data, automates KPI calculations, creates interactive charts, exports fallout records, and tracks issues through a Resolution Desk.

Joe Holberg for Chicago Chicago, IL
Mayoral Campaign Intern Jun 2026 - Jul 2026

- Conducted financial analysis and underwriting for campaign operations.
- Built voter-data software and coordinated volunteers, grassroots outreach, and public events.

Amish Country Farms Chicago, IL
Financial Analyst Intern (Part-Time) Jan 2024 - Jun 2026

- Supported the acquisition of SweetRise by analyzing revenue, costs, pricing, and profitability.
- Built financial models that improved cost and revenue analysis efficiency by 80%; presented results to ownership.

Ivy League Kids Chicago, IL
Behavioral Research Intern (Child Development) Aug 2024 - Dec 2024

- Analyzed data for K-8 students with disabilities to measure social and emotional development.
- Evaluated medication observations and intervention outcomes to identify changes in behavior.

Projects

DataBearer
Founder & Developer Aug 2026 - Present

- Built a privacy-governance platform applying financial concepts to personal data.
- Developed JavaScript analytics, valuation tools, structured-data exports, and a Consent Ledger.
- Defined the business model, product roadmap, and execution plan.

DealLens
M&A Analysis Prototype Sep 2026

- Built a JavaScript M&A model for valuation, financing, and EPS accretion/dilution.
- Added 25-case sensitivity analysis, synergy break-even analysis, and exportable deal memos; passed 13 model checks.

AFTERLIGHT
Browser Puzzle Game Sep 2026

- Built a six-level JavaScript/Canvas puzzle game with touch controls, replay mechanics, and 16 gameplay tests.

Gematrix
Gematria Web App Sep 2026

- Built a JavaScript app for Hebrew and English gematria with custom keyboard support and data visualizations.
